ACTION: Corrected notice.

SUMMARY: This corrected notice is being published to correct errors in notice document 95-20778 in the issue of Tuesday, August 22, 1995, 60 FR 43614.

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden is minimized, reporting forms are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed new collection, "Compensation 2000: Albuquerque, New Mexico and Allentown, Pennsylvania Test." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the address section of this notice.

DATES: Written comments must be submitted on or before October 31, 1995.

ADDRESSES: Send comments to Karin G. Kurz, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 3255, 2 Massachusetts Avenue N.E., Washington, DC 20212. For further information contact Ms. Kurz at 202-606-7628. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION:

I. Background

This collection is a test of a new method of identifying and classifying occupations within an establishment. If

successful, the new method could ultimately allow for joint collection of three separate statistical surveys of wage and benefit data; the Occupational Compensation Survey Program, the Employment Cost Index, and the Employee Benefits Survey. In addition to evaluating the results of the test for use in future surveys, BLS also will publish a bulletin for each area containing the occupational earnings data collected.

II. Current Actions

The test will include establishments in the Albuquerque, New Mexico and Allentown, Pennsylvania metropolitan statistical areas, both in private industry and in State, Local or Tribal Government. It will be conducted in early 1996. Once each occupation has been selected and classified using the test methodology, earnings data for the occupations will be collected. A new data entry system using laptop computers also will be tested as part of the collection.

Type of Review: New.

Agency: Bureau of Labor Statistics.

Title: Compensation 2000: Albuquerque, New Mexico and Allentown, Pennsylvania Test.

Affected Public: Business or other for-profit; Not-for-profit institutions; and State, Local or Tribal Government.

Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination; Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study

of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon and Related

Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, DC 20210.

Modifications to General Wage Determination Decisions

The number of decisions listed in the Government Printing Office document entitled "General Wage Determinations Issued Under the Davis-Bacon and Related Acts" being modified are listed by Volume and State.
